Historical incident response times

Urbiztondo, Pangasinan | 2023-2026 | 12 incident records

SYNTHETIC DEMO DATA

All response times are synthetic demo values, not measured BFP records. Fixed values preserve alignment across imports. Incident dates on the first day of a month may be placeholders; see source_notes. Missing incident times remain null.

Demo duration from report receipt to first responder arrival, in minutes.

#	Date	Time	Barangay	Recorded cause	Response (min)
1	2023-01-01	17:38:00	Poblacion	Open flame from rubbish fire	4.25
2	2023-03-01	12:30:00	Bayaoas	Open flame from rubbish fire	15.50
3	2023-07-01	15:30:00	Pasibi East	Electrical ignition caused by arcing	14.75
4	2023-08-01	07:40:00	Dalanguiring	Open flame from cooking (LPG / gas stove)	16.25
5	2024-01-01	19:24:00	Gueteb	Open flame from kerosene lamp	17.50
6	2025-01-01	Not recorded	Poblacion	Not recorded	3.75
7	2025-02-01	Not recorded	Poblacion	Not recorded	5.50
8	2025-05-03	11:41:00	Pasibi West	Electrical ignition overloading	9.25
9	2025-12-01	Not recorded	Real	Not recorded	13.50
10	2026-01-01	05:38:00	Bayaoas	Thrown cigarette butt	15.25
11	2026-02-26	09:05:00	Dalanguiring	Accidental unattended smoldering coconut leaves	10.75
12	2026-03-25	14:28:00	Angatel	Electrical ignition due to pinch wire	8.50

Response values are fixed to retain the same incident/value pairing across imports. They do not establish actual operational performance.

Incident locations and source notes

Record numbers match the response-time table. Source wording is preserved below.

01 | 2023-01-01 | Poblacion

Location: Barangay Poblacion, near station and near hydrant
Source notes: High density lightweight material or shanty house. Month-level record with no exact day provided; first day of month used as placeholder.

02 | 2023-03-01 | Bayaoas

Location: Sitio Bangul, Barangay Bayaoas
Source notes: Low density substantial house, no near hydrant, far from station. Month-level record with no exact day provided; first day of month used as placeholder.

03 | 2023-07-01 | Pasibi East

Location: Barangay Pasibi East
Source notes: Low density two storey or semi concrete residential house, no near hydrants, far from fire station. Month-level record with no exact day provided; first day of month used as placeholder.

04 | 2023-08-01 | Dalanguiring

Location: Sitio Valdez, Barangay Dalanguiring
Source notes: Low density two storey residential house, no near hydrants, far from station. Month-level record with no exact day provided; first day of month used as placeholder.

05 | 2024-01-01 | Gueteb

Location: Barangay Gueteb
Source notes: Low density shanty house, no near hydrant, far from station. Month-level record with no exact day provided; first day of month used as placeholder.

06 | 2025-01-01 | Poblacion

Location: Barangay Poblacion, front of UIS
Source notes: Motorcycle fire. Month-level record with no exact day and time provided; first day of month used as placeholder.

07 | 2025-02-01 | Poblacion

Location: Barangay Poblacion, Urbiztondo Integrated School storage
Source notes: Month-level record with no exact day and time provided; first day of month used as placeholder.

08 | 2025-05-03 | Pasibi West

Location: Barangay Pasibi West, A66CT Farm storage
Source notes: Large storage fire.

09 | 2025-12-01 | Real

Location: Barangay Real
Source notes: Residential fire, no near fire hydrant, away from station. Month-level record with no exact day and time provided; first day of month used as placeholder.

10 | 2026-01-01 | Bayaoas

Location: Barangay Bayaoas
Source notes: Residential single and two family. No near hydrant and far away from station.

11 | 2026-02-26 | Dalanguiring

Location: Sitio Valdez, Barangay Dalanguiring
Source notes: Involved storage.

12 | 2026-03-25 | Angatel

Location: Barangay Angatel
Source notes: Residential single and two family.
